

Open House

Friday, November 9th, 2018

6:00-9:00 PM

Room B50 Tate Hall

University of Minnesota Twin Cities Campus

Keynote Speaker
Professor Lucy Fortson

*“Solving Big Data
Problems with the
Zooniverse”*

How can scientists handle the analysis of 100s of Terabytes of data collected from observatories and experiments? One novel approach is through combining the human intelligence of the crowd with machine intelligence.

- **Lab Tours**
- **Admissions Information**
- **Research Presentations**
- **Telescope Observation**
(weather permitting)
